SUBJECT: WORK AUGMENTATION AND SUPPORT DURING OFFICIAL TRAVEL, FIELD WORKS OR SCHEDULED LEAVE OF ABSENCE

DATE: 02 January 2025

In light of the need to maintain continuous and efficient public service operations across all divisions, this memorandum serves as a directive regarding the work augmentation procedures to be followed in cases where employees are engaged in fieldwork or official business travels and scheduled long leave of absence.

Work Augmentation Procedures:

1. Pre-Travel/Fieldwork/Leave Preparation
 - o Employees who are scheduled for fieldwork, official business or long duration of leave of absence must coordinate with their immediate supervisors at least 3 days before departure to discuss delegation of their key tasks.
 - o A list of ongoing projects, deliverables, and deadlines must be shared with the designated personnel responsible for covering those duties.
 - o Employees must ensure that critical tasks are addressed before departure or are adequately handed over for timely completion.
2. Assignment of Designated Personnel
 - o Supervisors must assign with the approval of the PGDH or the PGADH, a colleague or team member to temporarily take over the responsibilities of employees who will be unavailable during the fieldwork or travel period.
 - o The designated personnel must be briefed on the scope of work to be covered, including access to necessary tools, files, and contacts.
 - o Any ongoing communication with external stakeholders or clients should also be assigned to an alternate point of contact to avoid delays.
3. Remote Work Arrangements (If Applicable)
 - o In instances where it is possible, employees on official business travel or fieldwork may be allowed to continue performing certain duties remotely. Approval for this arrangement must be obtained from their respective Division Heads.
 - o Employees must ensure that they have access to the necessary resources to perform remote tasks and should remain reachable thru various communication channels.
4. Reporting and Coordination
 - o Employees on fieldwork or business trips must maintain regular communication with their immediate supervisors to update them on progress and discuss any urgent matters.
